## Basin heater package

Our factory-installed heaters keep the water temperature at 4°C and act as a simple and economical **anti-freeze measure for the basin water**. The heater package includes the **heaters**, a **thermostat** and a **low level cut out switch** to protect the heaters if the water level declines excessively. Standard electric heaters can handle ambient temperatures down to -18°C.

Our factory-installed heater packages

- help maintain your system year-round
- enhance your equipment reliability

| Model    | Heater -18 °C (kW) |
|----------|--------------------|
| PCE 0709 | 1 x 6              |
| PCE 0718 | 1 x 12             |
| PCE 0809 | 1 x 6              |
| PCE 0812 | 1 x 8              |
| PCE 0818 | 1 x 12             |
| PCE 1009 | 1 x 8              |
|          |                    |

PCE 1012 2 x 10

Want to protect your basin water against freezing with a basin heater package?

Ask your <u>local BAC representative</u> for more information.
